

LUP AMENDMENT/MAINTENANCE SHEET

Office: Price Field Office

Plan Name: Price Field Office Record of Decision and Approved Resource Management Plan (2008)

Maintenance Change Number: G020-2013-001

Program: Wildlife and Leasable Minerals

LOCATION OF CHANGE

Page Number: Approved RMP, page 82, Decision WL-6 & Map R-7 & page 126 Decision MLE-9 & Map 20, Map 25, Map 26, & Map 27

CHANGE

Replace: Decision WL-6, no change. Map R-7 has been re-drawn to reflect the correct boundary of the Gordon Creek Wildlife Management Area. Updates to Map R-20, R-25, R-26 and R-27 were also made.

MLE-9 Oil and gas leasing management will be conducted as shown on Map R-25a.

- Areas open to leasing subject to the standard terms and conditions of the lease form (1,161,000 acres)
- Areas open to leasing subject to moderate constraints (timing limitations, CSU, and lease notices (460,190 acres)
- Areas open to leasing subject to major constraints (NSO) (281,843 acres)
- Areas unavailable to leasing (575,967 acres)

The combination of all restrictions on oil and gas development is shown on Map R-26.

Map R-7a, Map 20a, Map 25a, Map 26a, and Map 27a are attached.

REASON(s)

The Gordon Creek Wildlife Management Area (WMA) was established in 1963 (Appendix 5 of the BLM Habitat Management Plan, p.37). Specific goals and objectives are contained in the Gordon Creek Habitat Management Plan. As per this plan, its boundary is described in metes and bounds in Appendix 1 (page 32). This boundary is incorrectly illustrated on Map R-7. The geographic information system shapefile has been modified to follow the boundary described in appendix 1. The Gordon Creek WMA GIS shapefiles will be posted to the PFO webpage at: http://www.blm.gov/ut/st/en/fo/price/planning/rod_approved_rmp0.html.

11,300 acres are added to the WMA to accurately represent the WMA. The land ownership is updated as follows: 6,534 BLM, 1,850 Private, 14,712 State. An acreage difference of 6,967 must be added to mineral decision MLE-9 and its corresponding map R-25.

These acreage figures are also changed in the BLM Price RMP (page 22). This would update maintenance change G020-2009-003.

BLM consulted with Utah Division of Wildlife Resources (UDWR) and clarified the location of the boundary. They agreed it was a mapping error in the Price ROD and also

verified the boundary as described in Appendix 1.
